

# Yes, it does.

**T**hey say that money doesn't grow on trees. But, it may as well be that easy for your students to earn scholarships for college. Through their participation in **Bible Quiz**, they can receive a scholarship from **SAGU**. Add to that the fact that **SAGU** is among the least expensive AG schools, and it makes sense that they should check us out.

**Let your students know about this opportunity!**
